

Parkwest Construction Company

PRIVATE AND PUBLIC COMMERCIAL CONSTRUCTION INDUSTRIES

"BUILT
ON
EXCELLENCE"

OVERVIEW

General contractor in business for over 20 years, Parkwest Construction thinks long term. We value long term relationships that are built on value, reliability and trust. For every project, we focus on the big picture. We strive to understand the perspective of not only the owner, but also the architect, the designer and the tenant.

Whether it's tenant improvements, new commercial construction, design/build, modernizations or public works, Parkwest is here to meet your needs and is capable of handling a wide variety of projects, from small remodels to multi-million dollar facilities.

SERVICES

Tenant Improvements/New Construction

From complete office build outs to office renovations, Parkwest brings its project management skills and extensive subcontractor network to provide building owners and tenants with TI services that are timely, budget sensitive and quality built. We have been a member of the Building Owners and Managers Association (BOMA) for over 15 years, working with many of the local and regional management companies. We enjoy a solid reputation for our quality work.

Public Works

Parkwest has extensive experience in the public works sector. Our bonded projects have included schools, football stadiums, a sheriff station, a correctional facility, community centers, parks, a library and more. Combining our design/build and development experience and leveraging our negotiation and project management skills, we bring quality and reliability to this highly competitive market. We are fiscally responsible and maintain excellent documentation and fund control for our clients and vendors.

Modernizations

With our experience in development, architecture, and hands on construction, Parkwest has the ability, and is confident in adding to, or modernizing existing facilities to current standards including A.D.A. compliance and new technologies in LEED green energy efficient systems, providing long term savings and performance.
